25X1 1. [ ] terminated CIA employee, called to state  
that she wished another appointment with me. I asked her if there was any-  
25X1 thing which we had to discuss and she said there was still open the question  
25X1 of whether her termination could be changed to a resignation. I told [ ]  
[ ] that I had discussed this matter and that there would be no opportunity  
to revise the termination. She stated that there were still things to discuss,  
25X1 but I suggested that she take all matters up with [ ] and that if  
25X1 they were legal in nature [ ] would refer them to this office.
